April 11, 2008

To: Mary Lou McNulty, Liaison FPC ✓

From: FPC, Sharon Denson, and Secretary

In our meeting of April 9, 2008 the Chairman, John White requested that the Disaster materials loaned to the Board of Trustees Chairman Janet Jones and Martha Brauer, Policy and Procedures, and Disaster Preparedness Plan, be returned to Future Planning Committee. The Board of Trustees is encouraged to make copies of the documents for the use of the residents and the Board of Trustees. Please let me know when the book is ready for pick-up.

The FPC requests that a copy of the data base be converted to excel and delivered to the FPC to use in the preparation of the Board of Trustee directed survey. We hope that our request will enable Doris to make the disc before she leaves. Doris indicated that it would not take her very long to prepare.

Thank you

To clarify the request for a copy of the data base in the excel format I am including a copy of the document that Doris printed out for us when the FP sub committee met with Doris Waddell in the office on March 18, 2008.

The FPC requests a copy of the data base in the excel format with all of the fields as displayed on the attached, except for the emergency information, and marked (exhibit 1 & 2) for every address in this park. This would include any Trustees or employees of the District if they own property in the District.

The data base is to assist the committee in formulating the questions for the upcoming survey. This survey has been approved by the Board of Trustees.

Should you have further questions, please contact Chet Force, chairman of the FPC Survey sub committee. He may be reached at 448-6362.

We will appreciate having the disc by our meeting of the 23<sup>rd</sup> of April so that we may proceed with the survey.

Thank you for your attention to this matter.

John White, Chairman

Sharon Denson, Secretary
