John, Got your messages. Earlier this a.m. got a message from Shirley that the website had disappeared. While you were in the meeting I was on the phone and computer repurchasing our name...there was no records anywhere regarding our name, only the hosting company. Alas, our name expired, I rebought it this a.m. before 10 and it takes awhile for the servers to get back in order. Thanks to Shirley for her watchful eye and her red alert. We are back in business.
