Dear Mr. Smith:

Thank you for meeting with me regarding your involvement in the Trailer Estates Web site. Your interest in assisting the district with the newly-designed Web site is appreciated. In that a Web designer had already been contacted, your assistance is not needed at this time.

Providing information and access is important for our residents. I am aware that you continue to offer the Trailer Estates Web site as a courtesy to our residents; however, I am concerned about the confusion this will cause when the newly-designed Web site is published. I would ask that you discontinue publishing the district information.

Thank you for your consideration.

Sincerely,

Martha Brauer, Chair  
Board of Trustees
