As you are aware, we are still awaiting on a reply from the lawyer whether it is lawful for us to enter upon a residences property to do work. This question was brought up by the lawyer, and not by me. See Kirk, Pinkerton, P. A. Memo of October 19, 2007, paragraph 2 (However, in reviewing this issue, we think there is a question as to whether the District is authorized to enter private property to mow lawns and to charge the property owners for such cost. If the Board would like us to make a recommendation on this issue, please let us know.).

I have already spoken to these people about this problem. At this point, my hands are tied, until we hear back from the attorney. Have you contacted him regarding this issue?
