TJ,

This is a C.E.R.T article. Not a board of trustee article. Please forward the policy that you are using for Mary Lou McNulty to edit the Tribune or censor the articles.

My understanding of the expo was that the trustees did not feel it was their responsibility to put on an event for the residents. Please see FPC minutes where Mary Lou made those statements. I did not realize that she had decided to take charge of the event. Please direct me to the minutes of the meeting where this decision was made.

I understand that this puts you in the middle of a situation that neither of us knows what is going on.

I am going to rewrite the article that you censored and I will resubmit for your inclusion in the Tribune. Should it raise a red flag, please notify me asap.

I have asked a number of times, who is in charge of the Tribune. I have never received an answer, even in a Board of Trustee meeting. No one seems to know until now. I wonder when these decisions were made, and why I was not made aware, even when I asked repeatedly. I will now assume it is John Vandermolten and Mary Lou McNulty unless I receive other information from you.

Thank you for letting me know that the one I sent was not going to be published. We, C.E.R.T. feel it is very important to keep the information in front of the residents in case of a disaster.

**Attachments:** Sept revised tribune.doc

TJ,

Here is the revised article for the Tribune. Please notify me on Wednesday, August 6, 2008 if any red flags are raised with this article. I will be leaving again for a prolonged road trip. I am gone most of the time and have very little time to devote to the computer and these article. It works a hardship on the residents to have no guidelines to work with, just an opinion from someone to pull an article after someone has spent the time to create it. I hope that you can understand that this is very time consuming and not done casually.

Thank you,  
Sharon Denson
