

**SUBJECT:****TO: Trailer Estates Board Of Trustees****ATT: Chairman of the Board, Martha Brauer****CC: Trustees****Dear Madam Chairman:**

It is with all due respect for the office of Trailer Estates Trustee that I find myself compelled to submit my resignation  
as a member of the Board. Said resignation to be made effective at close of business this date, Thursday, April 29, 2010.

As you are aware, I underwent open-heart-surgery some three months ago following my election to office & in-spite of some medical restrictions placed upon me, As Trustee I have whole-heartedly endeavored to commit my time & talents on behalf of our residents concerns & needs, including my additional duties as ARC-Liaison & more recently, Marina-Trustee.

While I've enjoyed overseeing the several responsibilities regulated to me as Continuing Recreation Trustee, my primary challenge was to be a working part of our Trustees who seek to improve our park & champion our goals of re-establishing peace & harmony from the dark-clouds of chaos & dissent that now envelope us.

I have tried to be a reasonable man when faced with my obligations as Trustee & have attempted to follow an honorable & righteous course to best serve our residents needs. Unfortunately, I now find my service too demanding, both emotionally & physically to continue & to that end, coupled with concerns for my continued recovery I would appreciate your accepting my resignation.

In closing I would like to complement you on your outstanding dedication, leadership & knowledge as Chairman of the Board & pledge my support as a dedicated resident on behalf of all your future undertakings.

I Thank-you, our Board members & our most competent & concerned office staff, but more-so, those good & kindly Trailer-Estate residents who supported me & to whom I shall always be indebted.

In Trailer Estates friendship

"Ken-Ilg"
