RE: Canceled Board Meeting--June 7th

On June 1, 2010 a cancellation notice appeared on Channel 95 for the June 7th board meeting. Once the "notice" of cancellation was posted/aired, the Board (or any member of the Board, including me) cannot retract the cancellation and hold a meeting on that date.

The TE Board is unable to hold a meeting on June 7, 2010 as it would be OUT OF THE SUNSHINE, due to the cancellation notice. If a trustee wants to hold an informal gathering to discuss their reports, it is acceptable (although I wouldn't advise it), as long as it is just one trustee. Any statements to the effect of it being a "Board" meeting would be incorrect, as the "Board" meeting was canceled.

If two trustees were to gather or participate in this informal gathering, it would put the district at risk for a sunshine violation. Our legal counsel has advised that we hold a workshop to share information and reports next week (June 14th) instead.

Hope everyone is enjoying their summer.
