RE: June 14 Workshop—Informational Report

This is the informational report I was planning to give during the June 14th workshop.

I wanted to bring to your attention the following matters.

- 1) We had a request from Hix Marine for a key to the storage/refuse gate which I approved.
- 2) I have been working cooperatively with attorney on the ongoing deed restriction violation for L. Brush. I have sent violation letters to L. Brush and have received no response, so currently I am communicating with him regarding this violation.
- 3) We received an article for publication in the July Tribune that I reviewed and determined was a personal opinion, not club/organization information as is the usual practice of the district. I withheld the article from publication and had hoped to discuss it with you.

I have handled these three matters as outlined above. If you disagree with how I have handled them, please be sure to let me know at the next public meeting, so that I can arrange to have them scheduled at a board meeting for further consideration.

In addition, I am working with the District staff and outside agencies on various projects: TE kitchen, Marina lease letter/package, Auditing, Reservation estimates, and other district matters.

Thanks.
