February 21, 2011

TO: Trailer Estates Board of Trustees

I want to apologize to the 951 people who voted for me in the election, but I feel that I am totally ineffectual as a board member, because some people believe that I am a friend of this group or that group. I have learned in business that you must keep your friends close and your enemies closer. There are two sides to every story and there is no such thing as a one man fight. Something had to happen to start the lawsuit. Because I seem to be one of the people who remembered incidents in deposition, I have been ostracized. Because I speak to everyone, because I was elected by everyone, I have been ostracized.

I have been voted down when I tried to save the park money by voting no to continuing to pay the four lawyers of the individual defendants after settlement had been reached. The Budget Committee ideas were dismissed in whole, and I do not believe we should be calling lawyers without complete board approval. I also think that the Board should repeal PP40 and rewrite some of the duties. The Charter recognizes that the park is to be run by a nine member board.

This decision was solidified in my mind when I heard that about 20 people gathering in the meeting room of the Let's Talk Club and they laughed, talked and generally disrupted the whole meeting. I would expect, as a board member and a resident, that this incident will be treated in the same manner as the Bocce pavilion incident.

There are many clubs who have designated times and places every week to hold their meetings. We have to be careful not to discriminate as this may or may not cause another lawsuit.

The majority of the people in this park want to live here or come here, enjoy themselves and go on about their business. The few who cannot put away their hostility are creating a very intense situation that continues today and may ultimately destroy our park.

I also hope that this letter will not be edited out of the video that residents see on Tuesday and Thursday. Yes, the videos are edited and you do not see everything that happened at the original board meeting. It is supposedly done to save time.

Therefore, I am resigning my position of Trustee/Treasurer, effectively immediately.
